ZIMRAAN ANJUM

PROFESSIONAL SUMMARY

Dedicated IT professional with a strong background in frontend engineering and a passion for continuous learning and growth in various IT domains. Skilled in swiftly grasping new technologies and collaborating effectively in team settings. Proficient in frontend development tools like HTML, CSS, JavaScript, and currently expanding knowledge with frameworks like React, while keen on exploring full-stack development and cloud computing.

Experienced in mentoring junior team members, providing guidance on technical concepts, and nurturing their professional growth. Demonstrated leadership in projects, adept at leading diverse teams to successful project outcomes by aligning tasks with goals, managing resources, and meeting deadlines. Recognised for initiating process improvements and innovation to enhance workflows and organisational efficiency.

With strong communication skills, they excel at conveying complex technical concepts to a wide range of audiences. A strategic thinker at heart, they align technical endeavours with business objectives to chart a path toward long-term success and progress.
